What you pack in is completely up to you. Your camper will have a small closet space (about 3'x6' with a shelf/hanging rack) to share with their bunkmate. We've seen people pack in plastic drawers, trunks, duffle bags, plastic containers, suitcases and more.

With so many campers around, things sometimes get lost, misplaced, or put in the wrong bag. You can help prevent items being lost forever by labeling them.

Please remember that Camp Weed is an unplugged environment so it is important to remember phones and other electronics are not allowed.
